Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, July 12.—Concerted selling of specialty stocks, particularly those issues which suffered most severely in last week's liquidation movement was the conspicuous feature of today's professional market. The short interest emboldened by its recent success conducted its operations with greater confidence but made little headway except in isolated instances.

Representative shares, notably the better known rails and United States Steel again withstood pressure, all lowest quotation since last week's rise but steel was forced down to 83 1/2 its rise to 87 1/4. Shipping stocks and Mexicans, together with motors and the copper also fell away in the forenoon but made gradual recovery in part or in whole later.

There was again a lack of news to explain the continuous break in alcohol which represented a loss of over 30 points in a week's time and a total of 70 points from its low price of last April. Increase in the Willys-Overland dividend from six to twelve per cent with an "extra" stock dividend of 10 per cent was not announced until the far end of the session. The stock closed at a loss of 1/2 points, the action of the directors having evidenced being discounted.

Pacifics were the only rails to exhibit marked strength. Union Pacific was firm on revival of the familiar rumor of an increased dividend at the next quarterly meeting. Total sales amounted to 568,000 shares, of which average a large proportion was supplied by Alcohol, Mercantile Marine preferred, U. S. Steel, Reading and American Beet Sugar. Bonds were again inclined to ease. Total sales, par value, aggregated \$3,320,000.

CHICAGO GRAINS.

CHICAGO, July 12.—Further reports of black rust in the northwest indicating the approach of a serious condition advanced wheat prices today, the pest inroads being reinforced by word that hot, muggy weather made rust spread highly probable. The close was steady within 1/4 to 3/8 of the top, prices being from 1 1/4 to 2c higher with July at 109 1/2 and September 111 1/4. Corn finished steady 3/8 to 1/2 and 1/2 net lower and oats gained 1/4 to 3/8. In provisions the final figures were 5 to 25c higher.

Detailed reports from crop experts sent to the northwest fields were received telling of black rust found on every stalk of wheat handled in some fields and its presence noted in every field visited. Other reports minimized the rust danger were unable to crowd the market down and good buying developed on every weak spot.

Corn which was inclined to drag at the outset was braced by the strength of wheat but the advance was checked by an abundance of offerings and prices made little headway.

Oats were in good demand stimulated by continued reports of hot and dry weather danger.

Light offerings of provisions and buying based on expectation of an other large purchase for Belgium relief forced provision prices higher. Live hog weakness and a heavier run of swine being ignored by traders.

METAL MARKET.

NEW YORK, July 12.—The metal exchange quotes lead offered 6.50. Spelter dull; spot East St. Louis delivery 9 1/4 asked. Copper dull; electrolytic 25 1/2. Bar silver 61 7/8.

BOSTON, July 12.—There was a better tone to local market today and stocks were well taken throughout the session. Liquidation of weak accounts general market acts much better. Counts has been fairly complete. The Bears raid it at times, trying to send the weak spots lower but they snap back quickly. Industrial list was driven off, especially alcohol. Copper 27 to 28.
